Tracy and Lori,

I would like to send the message below to RAIO staff who have been asking their managers about the state of play of refugee processing. Given sensitivity with the litigation, I wanted to check with you and Molly (copied here) to see if there are any concerns with me sending out the message below. Thanks for your consideration. Of course, by the time you read this, we may have another court order Still, staff would really like some info. (b)(5)

One of our EO cases, and the one that affects USCIS most directly, makes allegations about the EO affecting adjudications within the U.S. Plaintiffs somehow had the hold emails from SCOPS and FOD, and cited to those in the (b)(5) complaint.

Thanks Jeff. I get it and if it had been posted prior to us. Ring aware of the injunction it would be normal course of business posting it after, even if a re-post of a DHS post might give the impression that we are not completely compliant. I tend to be super conservative on this stuff which is why I'm deferring to OCC. Molly, you don't need the link, the press statement is at the bottom of this email chain.

STATEMENT ON COUNTRIES CURRENTLY SUSPENDED FROM TRAVEL TO THE UNITED STATES

WASHINGTON - The Department of Homeland Security (DHS) would like to clarify the classes of aliens affected by the 90-day temporary pause on travel, with case-by-base exceptions and waivers, as outlined in the President's Executive Order entitled "Protecting the Nation from Foreign Terrorist Entry into the United States."

To ensure that the U.S. government can conduct a thorough analysis of the national security risks faced by our immigration system, the Executive Order imposes a 90-day pause on the entry into the United States of nationals from Iraq, Syria, Sudan, Iran, Somalia, Libya, and Yemen. This pause does not apply to Lawful Permanent Residents, dual citizens with passports from a country other than the seven listed, or those traveling on diplomatic, NATO or UN visas. Special Immigrant Visa holders who are nationals of these seven countries may board U.S.-bound planes, and apply for and receive a national interest exception to the pause upon arrival.

Importantly, these seven countries are the only countries to which the pause on entry applies. No other countries face such treatment. Nor have any other countries been identified as warranting future inclusion at this time, contrary to false reports.

As directed by the Executive Order, DHS is working with the Department of State and the Office of the Director of National Intelligence to conduct a country-by-country review of the information provided by countries in order for their nationals to apply for myriad visas, immigration benefits, or otherwise seek admission into the United States. This review is needed to ensure that individuals seeking to enter the U.S. are who they claim to be and do not pose a security or public-safety threat.

The results of this review will be provided to the President within 30 days of the Executive Order's signing. This review, conducted in consultation with our interagency partners, will determine which countries do not provide adequate information on their nationals seeking immigration benefits or admission into the United States. Principally, the goal is to ensure that those admitted to this country do not bear hostile attitudes toward the United States and its founding principles.

Based on that report, the State Department will ask any foreign governments who were determined to not be supplying adequate information on their nationals to begin providing such information within 60 days.

In order to protect Americans, and to advance the national interest, the United States must ensure that we have adequate information about individuals seeking to enter this country to ensure that they do not bear malicious intent toward the United States and its people.

STATEMENT ON COUNTRIES CURRENTLY SUSPENDED FROM TRAVEL TO THE UNITED STATES

WASHINGTON - The Department of Homeland Security (DHS) would like to clarify the classes of aliens affected by the 90-day temporary pause on travel, with case-by-base exceptions and waivers, as outlined in the President's Executive Order entitled "Protecting the Nation from Foreign Terrorist Entry into the United States."

To ensure that the U.S. government can conduct a thorough analysis of the national security risks faced by our immigration system, the Executive Order imposes a 90-day pause on the entry into the United States of nationals from Iraq, Syria, Sudan, Iran, Somalia, Libya, and Yemen. This pause does not apply to Lawful Permanent Residents, dual citizens with passports from a country other than the seven listed, or those traveling on diplomatic, NATO or UN visas. Special Immigrant Visa holders who are nationals of these seven countries may board U.S.-bound planes, and apply for and receive a national interest exception to the pause upon arrival.

Importantly, these seven countries are the only countries to which the pause on entry applies. No other countries face such treatment. Nor have any other countries been identified as warranting future inclusion at this time, contrary to false reports.

As directed by the Executive Order, DHS is working with the Department of State and the Office of the Director of National Intelligence to conduct a country-by-country review of the information provided by countries in order for their nationals to apply for myriad visas, immigration benefits, or otherwise seek admission into the United States. This review is needed to ensure that individuals seeking to enter the U.S. are who they claim to be and do not pose a security or public-safety threat.

The results of this review will be provided to the President within 30 days of the Executive Order's signing. This review, conducted in consultation with our interagency partners, will determine which countries do not provide adequate information on their nationals seeking immigration benefits or admission into the United States. Principally, the goal is to ensure that those admitted to this country do not bear hostile attitudes toward the United States and its founding principles.

Based on that report, the State Department will ask any foreign governments who were determined to not be supplying adequate information on their nationals to begin providing such information within 60 days.

In order to protect Americans, and to advance the national interest, the United States must ensure that we have adequate information about individuals seeking to enter this country to ensure that they do not bear malicious intent toward the United States and its people.

Subject: URGENT TIME SENSITIVE: Proposed Language for CAM parolees

Here is our proposed language, based on what we understand the current thinking to be. Is this your understanding of the decision and can we message this as noted below? We have people scheduled to travel on Monday. IOM has booked and the beneficiaries have paid for their travel. Please note that approximately 190 people have booked travel. Of those, only one individual would be traveling with a refugee family member. [note, our numbers are from IOM, so we may be off a bit, but this is close]

SUSPENSION OF TRAVEL FOR INDIVIDUALS GRANTED PAROLE UNDER THE CENTRAL AMERICAN MINORS REFUGEE/PAROLE PROGRAM (CAM)

On January 27, 2017, President Donald J. Trump signed an Executive Order, "[Protecting the Nation From Terrorist Entry into the United States](#)" that called for an immediate suspension of the U.S. Refugee Admissions Program (USRAP) for 120 days. In light of this temporary suspension, USCIS will also be pausing travel to the United States for all individuals granted parole under the Central American Minors Refugee/Parole Program. USCIS will act as follows:

- During this suspension, an applicant whose parole request has been approved by USCIS will be permitted to travel with any refugee family member who is permitted to travel pursuant to an exemption.
- The travel for all other individuals who were granted parole by USCIS under this program will be suspended until the U.S. Refugee Admission Program resumes for this population.

- Trump tweets fury at agreement to resettle refugees from Nauru and Manus
- Washington Post says he told Australian PM their conversation was 'worst call'

Donald Trump has torn into the US agreement to resettle refugees from Australia's offshore detention centres, calling it a "dumb deal" and describing the refugees as illegal immigrants.

Trump took to Twitter to voice his displeasure at a deal he had pledged to uphold in a phone call with the Australian prime minister on Sunday.

“Do you believe it? The Obama administration agreed to take thousands of illegal immigrants from Australia. Why? I will study this dumb deal.”

Less than two hours previously, the US State Department had insisted the deal was on in response to a Washington Post report of a fraught phone call between Trump and Australia’s prime minister, Malcolm Turnbull.

“President Trump’s decision to honour the refugee agreement has not changed,” a US embassy spokesperson in Canberra said in a statement.

The deal brokered between former president Barack Obama and Turnbull originally forecast the resettlement of up to 1,250 refugees from Australia’s offshore detention islands of Manus Island and Nauru.

According to the Washington Post, Trump told Turnbull the refugee resettlement agreement was “the worst deal ever” and warned he was going to “get killed” politically for it during their one-on-one call last weekend, according to a detailed account of the conversation in the Washington Post.

The Post reported that Trump had fumed during his Sunday phone call with the Australian prime minister telling Turnbull he’d spoken to other world leaders on the same day, and this was “this was the worst call by far”.

Trump, according to the report, accused Australia of seeking to export the “next Boston bombers”.

The report says the friction between the two leaders “reflected Trump’s anger over being bound by an agreement reached by the Obama administration to accept refugees from Australian detention sites even while Trump was issuing an executive order suspending such arrivals from elsewhere in the world”.

The White House declined to comment on the report on Thursday.

The “one-off” refugee resettlement deal was announced in November with Obama agreeing to take an unspecified number of refugees from Australia’s offshore detention centres on Manus Island and Nauru.

Both Australian-run detention camps have been the subject of sustained criticism by the UN, human rights groups and other nations over systemic sexual and physical abuse of those detained, including rapes, beatings and the murder of one asylum seeker by guards; child sexual abuse; chronic rates of self-harm and suicide; dangerous levels of sustained mental illness, harsh conditions and inadequate medical treatment leading to several deaths.

The report on the phone call says Turnbull insisted the new administration honour the agreement, and allow refugees to enter the country on the normal vetting arrangements, which prompted Trump to declare they would be subjected to “extreme vetting”.

The call, scheduled for an hour, was terminated after 25 minutes, the Post said. The source of the account is attributed as a “senior US official”.

Turnbull declined to comment on the report, saying the resettlement deal remained on track and it was best that conversations between leaders remained private.

“I’m not going to comment on the conversation,” Turnbull told reporters in Melbourne. “During the course of the conversation, as you know and it was confirmed by the president’s official spokesman, the president assured

me that he would continue with, honour the agreement we entered into with the Obama administration, with respect to refugee resettlement.”

Asked whether Trump had hung up on him, Turnbull again declined to comment, but he suggested he had argued Australia’s corner. “Australians know me very well. I always stand up for Australia in every forum.”

The new report significantly intensifies the government’s woes over the refugee deal, which has been the subject of confusing accounts out of Washington over the past few days.

The Turnbull government has been at pains to stress the deal is on track despite the contradictory statements out of Washington, and Turnbull has not referenced any tension between the two leaders, despite the fact the deal clearly contradicts Trump’s anti-immigrant messaging throughout the presidential campaign.

Joanna – this is what I'd like to send to the Field Managers. I'll attach the EO when I send it for their reference.

International Managers,

We continue to work as rapidly as possible to get clarification on implementation of the Executive Order signed on January 27, 2017 (attached for reference), and are working on detailed guidance to help field staff address various scenarios you may be encountering overseas. In the meantime, please follow the below guidance for the next few days until more complete guidance is available:

1. Refugee-Related Processing

A. For all I-590 Refugee Cases (all nationalities), all I-730 Refugee Follow-to-Join cases (all nationalities), and I-730 Asylee Follow-to-Join cases where the beneficiary is a national of Iraq, Iran, Libya, Somalia, Sudan, Syria, and Yemen:

1. Interview already scheduled this week, sufficient time to cancel

- Cancel interview, even if Lautenberg or other religious minority case. We will offer further guidance on these types of cases as soon as it is available.
- If I-730 cases, pause CAMINO Clock effective 1/27/2017; enter note "Per Executive Order".

2. Interview already scheduled, insufficient time to cancel

- Collect fingerprints, review bio-data on case for accuracy and completeness, and notify applicant that he/she will be contacted with additional information in the future when we are able to proceed in the processing of his or her case.
- For I-730 cases, pause CAMINO Clock effective 1/27/2017; enter note "Per Executive Order".

3. *Interview not yet scheduled*

- Do not schedule any cases until further notice.
- For I-730 cases, pause CAMINO Clock effective 1/27/2017; enter note "Per Executive Order".

4-6 below relate to I-730 Refugee Follow-to-Joins (all nationalities) and I-730 Asylee Follow-to-Joins of the 7 nationalities (Only)

4. *Already interviewed, pending decision or travel packet issuance*

- No final decisions or travel packets should be issued. Pause CAMINO Clock effective 1/27/2017; enter note "Per Executive Order".

5. *If new cases received*

- Immediately pause the Clock upon case entry, noting 1/27/2017 E.O.

Note: I-730 Asylee Follow-to-Join cases of all other nationalities can continue processing to completion, as usual.

B. I-590 Adjudications, I-590 Supervisory Review and I-602 Adjudications

- Staff should stop making decisions or completing supervisory review until further notice.

C. RFR Adjudications

- You may continue to process RFR adjudications to completion if they are denials. All others should be held until further notice and the Clock in CAMINO paused as of 1/27/2017.

2. All Other Benefit Types where the Applicant/Beneficiary is a national or dual national of Iraq, Iran, Libya, Somalia, Sudan, Syria, or Yemen

You may continue processing other case types but do not issue any final decisions until further notice, including I-131A boarding letters. If you receive an I-131A boarding letter request from a national or dual national of one of the 7 countries listed above, please contact me and Jen Kliska for guidance. I-407 abandonments can continue to be processed.

3. Handling of Inquiries

If you receive inquiries from foreign governments about any DHS equities related to the Executive Orders, please direct those inquiries to Matt King, Deputy Assistant Secretary, Policy at [REDACTED]. Please do not provide his contact information to parties external to USCIS.

(b)(6)

The above guidance is only a stop-gap to assist in addressing the most urgent needs for the next few days or even this week when more detailed cleared guidance can be issued. Also, for awareness, OCOMM is also working on talking points and FAQs related to the Executive Order, which should be issued via USCIS Broadcast soon.

If districts can continue to collect and consolidate questions from the field, that would be helpful. I appreciate the difficulty of being on the front line and getting inquiries from the public and others for which we don't yet have complete answers. Many people throughout the Agency and Department are working hard to sort out impact of the E.O. on the Agency. I appreciate your patience during this effort!

More to follow soon. Thank you for your continued support and dedication as we navigate the current policy changes!

Subject: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Field Operations Instructions

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately and until additional guidance is received, you may not take final action on any petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may process petitions and applications for individuals from these countries up to the point where a decision would be made. At that point, cases shall be placed on hold until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Offices. Offices are not permitted make any final decision on affected cases to include approval, denial, withdrawal, or revocation.

Please look for additional guidance later this weekend on how to process naturalization applicants from one of the seven countries listed above who are currently scheduled for oath ceremony or whose N-400s have been

approved and they are pending scheduling of oath ceremony.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Offices through your chain of command.

Thanks Angie. Just to solidify one issue, we need to have a single individual working our communications on this issue with DHS and that person will be Angie given her expertise in multiple varieties of external engagement. She will need assistance and perhaps back-up from OCOM and/or CSPE as we negotiate these and perhaps future EOs. I'm asking all of you to support Angie in her role and keep her informed and copied on all exchanges with DHS. If you have questions/concerns let me know.

Wonderful, thanks!

Alan and I just participated in the leg affairs call. His excellent notes below:

- 1). Press Release distributed to Hill and Press. Need to advance as broadly as possible as quickly as possible.
- 2). NJIC activated yesterday, expected to be operational for 5-7 days. Staffed 24/7 with all components staffing. NJIC working closely with WH Comms, WH Policy, and WH Leg. CBP provided numbers regarding detentions. Stay is being reviewed to see how it affects the EOs.
- 3). Fact sheets being developed and hopefully will be distributed today (1/29). Fact Sheets will address which countries are affected and why (7 countries), LPRs, and provide greater context to decisions and implementation.
- 4). NOT using word "ban," but referring to section 212(f) "suspension of entry."
- 5). DHS OLA collecting information on contacts from the Hill. Roll-ups due to DHS at 3:00 p.m. And 3:00 a.m. each day. DHS OLA will send out a template to collect critical information. Tier 1 calls should be flagged for OLA and NJIC to alert S1 staff and consider direct calls to Members. Case inquiries should be included in the roll-up, but also sent to the responsible agencies.
- 6). CBP is not providing information on individual cases. Need talking points. DFOs are not meeting with Members who are at ports of entry. 9:00 a.m. - Fewer than 40 in custody/detention. CBP processing waivers on all who have not yet been admitted.
- 7). FAQs being developed on issues regarding LPRs, Refugee processing, and a myriad of CBP-specific matters.

We have been asked to ensure that the DHS statement is shared far and wide. Jeff is aware and will make sure CSPE and OLA govdel boxes are checked. MARIELA, what is the current guidance for the call centers?

We will be pulling together various reports (due at 3pm and 3am) capturing Hill requests. I am told we will have the Q/As TODAY. We will be asked to distribute. We will also have various fact sheets.

Please identify a person on your staff who will run point and be responsible for submitting info. I'll have more detail on what specific info we will need to submit shortly but the general issue are hill/press/s&l/private sector.

NER ran a scrape of C3 data. Field Ops has 13,376 pending case filed by or on behalf of an individual from one of the 7 countries. That number, of course is limited to cases that can be identified through systems data, and does not account for cases with missing data in the system or dual citizens where the third country was listed. Its close enough, though to get an idea of the number of impacted cases.

Since it appears the EO does not apply to the citizenship line of business, we will hold off on a run of C4.

Thanks Molly. I should have been a little clearer on the intent of this. Its just to get the conversation started with DHS. This is for policy discussion, It's not for public consumption. I think much of what youa re suggestion is perfect for public statements. I put the explanations in so DHS knows why we are taking the position we are for each question.

2. I think if we use the word visa we're going to not be allowed to continue to adjudicate them. We don't do visas. Do we?
3. I'd really like to get the go ahead to continue doing as much as possible in the refugee arena. I like your statement for public consumption.
4. I like this for a statement for OCOM to use.
5. I'm assuming we can adjudicate asylum requests but we should get clarification.

Subject: RE: Clearance for Extreme Vetting Q&A

Now we are aware of at least two TROs, so I am not sure how quickly we will get anything cleared or agreement on what the impact is. But that said I offer the following comments for consideration.

I don't think we should try to explain the intent of the EOs in trying to explain the answer to 1. I'd prefer it to say: No, the EO does not prevent the adjudication of domestic 485 adjudications. But I don't think we have

clarity if it does or does not. 212(f) speaks to suspension on entry but I understand the language in the order is broader so I am not clear what the DHS or USG position will be.

2. USCIS will continue to adjudicate any visa or other application, request or benefit not impacted by the Executive Order.

-- we do adjudicate Ts and Us and extensions of status so want to walk a line and with uncertainty about reach of order think something along these lines may be better.

3-Should we just be a little more vague and say. For example if we have few religious minorities on circuit ride with other things.

DHS along with DOS continues to review the Executive Order and planned refugee circuit rides and will conduct interviews as appropriate and consistent with the Executive Order.

4-DHS and DOS will coordinate on processing individual refugee cases that may be appropriate for travel consistent with the Executive Order.

5- I'm wondering about whether the exception can be used for following to join asylees? Need to double check.

6-- OGC had advised yesterday that CBP was to follow the VWP dual national guidance. But we should confirm or ask that they provide the answer.

Here we go. I've added Todd and Jessica for clean up once I have reactions because these answers could go any number of ways. I'm just getting a sense of our answer here. It's not pretty or diplomatic.

1. The EOs are to protect the NS and safety of the U.S. From persons entering our country from the designated countries and does not apply to people in the U.S. Applying for adjustment of status. (OCC check me on this.). I know the EO uses language like all immigration benefits but the details address visa issuance to NIVs and IVs. Maybe the intent is to include adjustment but as long as this answer isn't completely ridiculous I'd like to start here.

2. USCIS will continue to adjudicate various petitions and applications. Visas are not issued by USCIS

3. Yes, in light of the language in the EO we will continue these refugee interviews.

4. This will be done on a case by case basis. (We will need some standards for this)

5. This will be done on a case by case basis. (Ditto on standards and procedures)

6. Yes.

Let's hear what everyone has to say.

All:

We have been asked by DHS to draft and clear within USCIS responses to the questions we sent up earlier.

Also, FYI, attached is what CBP submitted back to DHS OPA. We will be adding to that document so the questions should similarly be framed as media inquiries and I have taken a stab at that below.

DHS has asked for our responses as soon as possible tonight. Please send to me and I will forward them along.

Thanks,

Jeff

1. Does the Executive Order apply to I-485 applications to adjust to LPR status here in the U.S.?
 2. Does this impact USCIS ability to adjust visas of those eligible to adjust in the U.S., such as a family based petition or an employment based petition?
 3. Can USCIS continue refugee interviews of religious minorities and for countries with which we have an agreement?
 4. Will the U.S. accept emergency requests to process a refugee who will then travel?
 5. Can the exception for refugee admission be used in I-730 cases?
 6. Does "from one of the seven countries" mean citizen, national or born in?
 7. Does the Executive Order apply to those currently being adjudicated for naturalization?
- USCIS will continue to adjudicate N-400 applications for naturalization and administer the oath of citizenship for approved candidates who remain eligible.

Many more than I would have expected. We have folks running reports to see what we have pending in C3 and ELIS for applicants, beneficiaries and requesters from the 7 countries. We should have that Monday afternoon.

Regarding COS and EOS, it occurred to me to wonder to what extent there actually are nonimmigrants from those countries. Numbers aren't huge, but they are there. For FY 2015 per DHS yearbook, total nonimmigrant admissions for nationals of these countries were:

Iraq, 21,381
Iran, 35,266
Libya, 3,879
Yemen, 5,549
Sudan, 4,792
Syria, 16,018
Somalia, 359

Numbers for the two preceding years were similar. There are also tables further breaking it down by category but I didn't dig into it that deeply.

All-

The 2:45 call did not address any of our outstanding issues. The call centered on a group of travel ready refugees and a discussion on whether to recommend applying a waiver allowing them to travel and be admitted. However, there is a WH principals' call at 4:00 that Lori will be on and we were encouraged to send our questions forward in advance of that call so DHS can either get us answers based on their knowledge or address the questions during the 4:00 call. Lori will be forwarding those questions. Stay tuned, we may have some guidance on at least some of our issues later today.

Jeff,

I posed this question to DHS HQ just this morning because we had a 1:00 ceremony at the WAS field office with five individuals from the seven countries. I got a response back from DHS just before 1:00 indicating that we were good to go ahead with naturalizing those individuals. So, the answer is no, it does not apply to candidates for naturalization.

OPA just called – they would like anything we can provide within the hour so they can hold a call with CBP and others who are getting bombarded with media inquiries and prepare S1 to return Hill calls.

One question I could see for us, even though it is somewhat answered in the first question below: Does the Executive Order apply to those currently being adjudicated for naturalization?

I just received a call from Kavita on my cell phone asking for a comment regarding people currently detained at JFK. She indicated that the Mayor is en route. I told her that USCIS does not have jurisdiction regarding people detained at the airport. She was fine with my response. I referred her to DHS HQ OPA.

I'm not saying that you shouldn't put them on a temp hold like you are other categories of adjudication, I'm saying we shouldn't jump to suppressing notices or changing language. If you've given the order to pause adjudication leave it as is until we get some clarity.

No, not yet. Giving them the document that extends their status (to include travel) doesn't necessarily mean they will travel so we shouldn't withhold that document from people who need it as proof of status. If we confirm that travel while a Conditional Resident might pose a problem we can tweak the notice language in similar fashion to what we do for those who get advance parole and might be subject to the 3/10-year bar when they attempt reentry. And clearly we will be doing as much communication as possible once we understand the facts.

Center Directors and Deputies,

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

While we await further guidance, we must temporarily suspend adjudication of all applications, petitions or requests involving citizens or nationals of the listed countries. At this point there are no exceptions for any form types, to include I-90s or I-765s. Please physically segregate any files that are impacted by this temporary hold pending further guidance. As you would expect, we will be developing a weekly report format for you to identify the number and types of cases on hold.

We expect to issue more detailed guidance and procedures in the coming days.

Please ensure this guidance is conveyed as soon as possible to all appropriate employees and get back to us with any questions. Also, please reply to let me know each center has received this message.

Subject: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Service Center Instructions

Center Directors and Deputies,

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

While we await further guidance, we must temporarily suspend adjudication of all applications, petitions or requests involving citizens or nationals of the listed countries. At this point there are no exceptions for any form types, to include I-90s or I-765s. Please physically segregate any files that are impacted by this temporary hold pending further guidance. As you would expect, we will be developing a weekly report format for you to identify the number and types of cases on hold.

We expect to issue more detailed guidance and procedures in the coming days.

Please ensure this guidance is conveyed as soon as possible to all appropriate employees and get back to us with any questions. Also, please reply to let me know each center has received this message.

Thanks,

Don

My folks will be working over the weekend to run reports to identify cases impacted at the centers. We should have counts by form type by Monday afternoon.

O.K. This is fine except please hold all decisions. When I was in INS general counsel we moved ahead with suspension denials and held approvals when there were no longer numbers available and we got sued and lost in the 9th circuit. A strange outcome that I do not agree with but I'd prefer not to have us involved in litigation if we can help it. Ha, ha, ha, I just realized that was a ridiculous statement, we're going to get sued but I'd still prefer to hold all cases unless we are planning to put the denied person into proceedings as a NS or public safety risk.

Thoughts?

Here is the draft message to field offices. I added a hold on N-400s, but if you think those can proceed, it can be removed. I'd like to get this out this morning, if possible. NER is going to run a scrape to determine the location of every field office pending case filed by a citizen or national of one of the 7 countries. As cases in process get held, we will establish NFTS codes that we can track nationally to determine the number of held cases. NBC will identify affected cases and no schedule them going forward.

Here's the message:

On January 27, 2017, President Trump signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefit applications. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the processing of immigrant and nonimmigrant benefit applications and petitions for nationals of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately, you may not approve any immigrant or nonimmigrant petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may process petitions and applications for individuals from these countries up to the point where a decision would be made. Cases where approval is recommended shall be held in abeyance until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Office. Denials, withdrawals, and administrative closures may proceed as they normally would.

Additionally, until provided with further instructions, offices also may not approve any Form N-400 (Application for Naturalization) or naturalize any individual from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. As discussed above, cases may be processed up to the point of a decision. Cases that are to be approved will be held in abeyance.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Office through your chain of command.

Here's my recommended message for the centers. I'm looking to either Tracy or Lori to weigh in on the highlighted sentence. On reflection, I'd really like to keep at least I-90s and I-765s in motion given the high volume and potential impact of delays. However, I'm comfortable with striking anything or even the whole sentence.

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

While we await further guidance, we are temporarily suspending adjudication of applications, petitions or requests involving citizens or nationals of the listed countries. Exceptions to this temporary suspension would be I-765 applications for employment authorization; I-751 petitions to remove conditions; I-130 and I-140 visa petitions; I-90, N-565 and I-102 applications for replacement documents; and I-129 nonimmigrant petitions where the beneficiary is not seeking an extension or change of status.

Please segregate any files that are impacted by this temporary hold pending further guidance. As you would expect, we will be developing a weekly report format for you to identify the number and types of cases on hold.

We expect to issue more detailed guidance and procedures in the coming days.

Please ensure this guidance is conveyed to all appropriate employees and get back to us with any questions.

I see your point, since the adjudication of applications and petitions is not specifically mentioned in the EO, I will change my language to be more along the line of yours. How about this:

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately and until additional guidance is received, you may not approve any immigrant or nonimmigrant petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may process petitions and applications for individuals from these countries up to the point where a decision would be made. Cases shall then be held in abeyance until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Office. Offices are not permitted make any final decision on affected cases to include approval, denial, withdrawal, or revocation.

Additionally, until provided with further instructions, offices also may not approve any Form N-400 (Application for Naturalization) or naturalize any individual from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. As discussed above, cases may be processed up to the point of a decision. Cases shall then be held in abeyance.

Please look for additional guidance later this weekend on how to process naturalization applicants from one of the seven countries listed above who are currently scheduled for oath ceremony or whose N-400s have been approved and they are pending scheduling of oath ceremony.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Office through your chain of command.

The thinking here is that I will have folks run a scrape of everything pending in C3 and ELIS involving nationals/citizens of these countries and see what additional guidance may be needed based on what we actually have pending. We may be able to do something in the system to hold up processing like placing a supervisory hold or something similar.

Dan – I don't see anything in the EO regarding temporary suspension in the processing of immigrant and nonimmigrant benefit applications and petitions. I only see the reference to suspending entry. I want to be on the same page as you, but my intent was to say something more along the lines of:

"While we await further guidance, we are temporarily suspending approval of applications, petitions or requests involving citizens or nationals of Syria, Iraq, Iran, Somalia, Yemen, Sudan and Libya. I prefer listing which cases can proceed rather than what should be held as we handle so many I fear missing something. I'd rather add more exceptions to the hold as they are identified than risk letting something through up front. We will also impose a weekly reporting requirement to identify the numbers and case types on hold and a process to identify any cases or case types that should be considered for exception.

O.K. This is fine except please hold all decisions. When I was in INS general counsel we moved ahead with suspension denials and held approvals when there were no longer numbers available and we got sued and lost in the 9th circuit. A strange outcome that I do not agree with but I'd prefer not to have us involved in litigation if we can help it. Ha, ha, ha, I just realized that was a ridiculous statement, we're going to get sued but I'd still prefer to hold all cases unless we are planning to put the denied person into proceedings as a NS or public safety risk.

Thoughts?
Lori

Here is the draft message to field offices. I added a hold on N-400s, but if you think those can proceed, it can be removed. I'd like to get this out this morning, if possible. NER is going to run a scrape to determine the location of every field office pending case filed by a citizen or national of one of the 7 countries. As cases in process get held, we will establish NFTS codes that we can track nationally to determine the number of held cases. NBC will identify affected cases and no schedule them going forward.

Here's the message:

On January 27, 2017, President Trump signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefit applications. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the processing of immigrant and nonimmigrant benefit applications and petitions for nationals of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately, you may not approve any immigrant or nonimmigrant petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may process petitions and applications for individuals from these countries up to the point where a decision would be made. Cases where approval is recommended shall be held in abeyance until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Office. Denials, withdrawals, and administrative closures may proceed as they normally would.

Additionally, until provided with further instructions, offices also may not approve any Form N-400 (Application for Naturalization) or naturalize any individual from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. As discussed above, cases may be processed up to the point of a decision. Cases that are to be approved will be held in abeyance.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Office through your chain of command.

For clarity, what would be suspended are I-485s, I-539s, I-129s and I-131s. If I'm missing something please let me know.

I can get word out over the weekend to the centers to suspend processing. I just need the list of 7 countries to include in my message. The Directors are already on notice of the possibility. I would exclude from the suspension any petitions for beneficiaries abroad and TPS/DACA.

I think the answer to the first two is yes they are impacted for the 7 countries identified. Not sure about petitions for beneficiaries abroad. I'll ask.

Thanks for sending this, Lori.

As we've discussed, the most urgent question is whether adjustments and extensions or changes of nonimmigrant status are impacted. Separately, is there any impact on petitions for beneficiaries abroad since we would not be determining admissibility? I would think not, but it would be good to have clarity.

If we can define "suspend processing" as "suspend prior to approval", then one option would be to continue with the interviews, since it is likely we have some that are scheduled as soon as Monday for affected applicants and then hold the cases post interview. We are trying to scrape our schedulers (C4 and NASS) to see when and where we have interviews scheduled for individuals from affected countries. We should have that sometime Monday.

Tracy,

It is my understanding that POTUS will sign the "Protecting the Nation from Terrorist Attacks by Foreign Nationals" order today at 4:30pm. In complying with the EA I believe we need immediate clarification in Section 3 (c) relative to the 30 day suspension of processing immigrants and non-immigrants from the designated countries of interest and if this extends to processing of permanent resident applications. Though the EA states "immigrant and non-immigrant entry into the United States", once we grant an adjustment we "admit" that person. [REDACTED] (b)(5)

[REDACTED] We just need to clarify if by extension this applies to our product lines. If this is the case then Don and Dan will need to get guidance to the Field to put these adjudications on hold. Other than the refugee suspension that appears fully deployed on our end this appears the most urgent clarification we need relative to the EAs.

Thanks,

Andrew Davidson
